Teacher of Biology **main professional range/upper pay range**

Required from 1 September 2020

All Saints is a highly successful, oversubscribed, 11-18 Catholic Voluntary Academy with 1414 students on roll, including 383 in the sixth form. The last OFSTED inspection in April 2018 judged the school to be Good. The school is co-located with an Outstanding maintained special school.

The Governors wish to appoint an enthusiastic and well-qualified person to teach within the Science Department. At Key Stage 3 groups study general science. At Key Stage 4 students study combined Science or Triple Science. Post 16 all three sciences are popular choices, with multiple groups in each discipline. We also offer Applied Science at Level 3. This post is for a person with a Biology specialism, who will also contribute to the Applied Science programme

The Science department is the largest department in the school and can provide both newly qualified and experienced teachers with an exciting opportunity to contribute and to develop.

All Saints is committed to safeguarding and promoting the welfare of children and young people. We expect all staff to share this commitment and to undergo appropriate checks, including enhanced DBS checks.

Candidates should have the ability to fulfil all spoken aspects of the role with confidence through the medium of English.

An All Saints' application form and further details are available on the school website. Please only use the All Saints' form for your application, which should be returned to Jo Thorpe, PA to the Headteacher, j.thorpe@allsaintslearning.co.uk, or by post to the school address.

Closing Date : Friday 20 March 2020
