

# Create your own country!

Your task is to draw a map of your own country. Your country is your world! It can have its own name, environment, culture and traditions.

You can design your country using a computer or on paper. Be creative as possible!

Can you include on your map:

- The title 'My Country'
- Compass directions
- Special points of interest
- Physical environmental characteristics, such as rivers, volcanoes, deserts, mountains
- Major towns and cities
- A description or pictures of plants and animals
- A description of your countries ecosystem
- A key
- Labels of key features

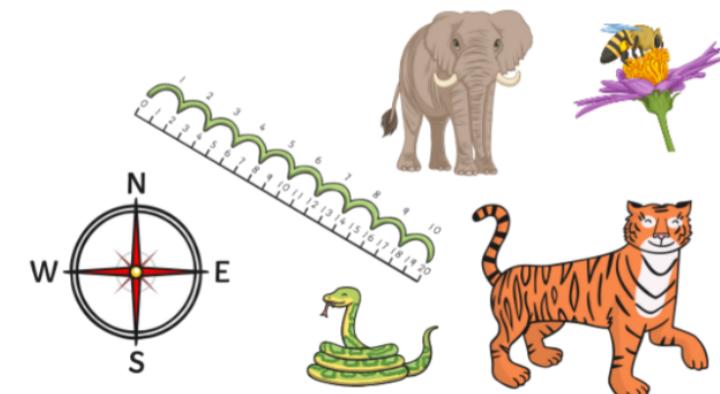

Make sure you check if you have used:

Ruler, pencil, correct spelling and punctuation, your creativity!

Challenge! Can you include:

- Grid references?
- Contour lines?
- Scale?
- Spot heights?

# Here are some ideas....
