Dear Parent / Carer

## **IMPORTANT: Parental Communication – Class Charts**

At All Saints, we are moving to using Class Charts to communicate with parents and carers about important information related to your child.

Class Charts is an online system which teachers at All Saints are using to track achievement and behaviour points throughout the school day for your child which you will be able to receive in real-time. The Class Charts parent app also tracks attendance and homework tasks for students which will enable you as a parent/carer to monitor this for your son/daughter and report any absences for your child.

In terms of important parental communications, All Saints will use this as the main channel of communication for school trips and permission letters, information about events including Parents' Evenings, school closure due to adverse weather and permissions for non-uniform day events for students.

The Class Charts Parents App can be downloaded for **Android** and **iOS** and is available from the App Store or Google Play.

The code you need to access Class Charts will be sent to you in a separate message following this letter. If you have more than one child at All Saints, you can enter additional codes directly into your created account.

**All Saints will move solely to using the Class Charts Parents App for communication from Monday 1 November and this will replace the MyEd messaging service.**

Parents and carers without the Class Charts Parents App will not receive key communication from school, so we encourage all parents and carers to download this today.

All parents and carers who download the Class Charts Parents App will be entered into a prize draw where the winner – selected a random will receive a £50 Amazon voucher. To be entered into the draw, please ensure your Class charts parent account is registered by 31 October 2021.

Yours sincerely

M D Davis (Mr)  
Associate Assistant Headteacher: Community
