Live Theatre Response

Please watch ONE of the performances on the National Theatre Collection. This can be a Shakespeare play, a comedy like One Man Two Guv'nors or something more topical like Small Island.

Write approximately a side of A4 evaluating (giving your opinion) your chosen performance but in light of the following statement:

“Live Theatre today relies too much on technology”

In your response you need to decide whether or not you agree with this statement.

I am looking for three points in the performance for you to refer to (key moments); one paragraph per point and link your evaluation points back to the statement.

Give it a shot and see how you get on.

Any questions: please email n.richardson@allsaints.sheffield.sch.uk

Thank you
